STONESTREET ONE ACHIEVES WIMEDIA PROMOTER STATUS

Company Added To WiMedia Board of Directors

Louisville, Kentucky (December 12, 2007) – Stonestreet One, Inc., the industry leader in WiMedia-based ultrawideband (UWB) and Certified Wireless USB software solutions for PC and embedded systems, today announced that it has become a promoter member of the WiMedia Alliance. As part of its promoter-level status, Stonestreet One also has joined the WiMedia Board of Directors.

Richard Smith, president of Stonestreet One, said "We are pleased to expand our relationship with the ultrawideband community. We have made an extensive contribution to the WiMedia Alliance activities and efforts, along with our work in complementary organizations including the USB Implementers Forum and the Bluetooth Special Interest Group. Our team's extensive wireless software experience adds value and brings additional perspective to the alliance and its members."

Stonestreet One's UltraSuite® is a comprehensive set of software services designed to run on hardware platforms based on the WiMedia specifications, including Certified Wireless USB, WiMedia Link Layer Protocol (WLP), and next generation high data rate Bluetooth. Stonestreet One also offers corresponding Bluetopia® Bluetooth stacks and profiles for a wide variety of platforms and operating system configurations from PCs to embedded devices, mobile phones, peripherals, and consumer electronics equipment. Complementing these products is WiCenter®, Stonestreet One's novel user application that provides advanced features for discovering, connecting and managing WiMedia devices and connections using a friendly and intuitive graphical interface.

Stonestreet One is showcasing its wireless software products at the upcoming International Consumer Electronics Show (CES) in Las Vegas January 7-10, 2008 in the WiMedia Tech Zone, Booth #31642 in the Las Vegas Convention Center, South Hall 3.

About Stonestreet One

Stonestreet One is a leading provider of wireless communications software products including UWB, Bluetooth, WiFi, and related technologies. The company's products are promoted and used by leading chipmakers, distributors, embedded software companies, and OEMs around the world in computing, automotive, biomedical, mobile communications and consumer electronics products. The company is an active contributing member of the USB Implementers Forum, the WiMedia Alliance, and the Bluetooth SIG. Stonestreet One is headquartered at 322 West Main Street, Louisville, Kentucky 40202, USA.
